

Let's write HTML

Instructor: Amaka Anurella Ndukwu

A little about me

1. Enthusiastic about the web
2. Loves CSS - seen it grow and now cannot keep up :(
3. Write sometimes but tries to keep up with trends.
4. Words with x sound funny when I pronounce it consciously.
5. Frontend experience engineer

Agenda

Recap

03

Building a CV - HTML

04

Next Steps

Tooling

Essentials

- 1.VS Code or preferred editor
- 2.Github
- 3.[Github Pages](#) or Netlify
- 4.Codepen or Glitch
- 5.Terminal or Integrated Terminal
6. Browser
7. [Live preview](#)
8. Journal

Recap

Basic File Structure

<!DOCTYPE html>

<html>

<head>

<body>

Headings & Paragraph

Headings

1. Six levels of headings
2. `<h1>`, `<h2>`, `<h3>`, `<h4>`, `<h5>`, `<h6>`
3. Informs the browser about hierarchy and page structure

Paragraph

1. Not numbered like headings
2. `<p>` tag
3. Normal text

Formatting elements

<i>

**

<mark>

<sub> and <sup>

Attributes and Anchors

Anchors

1. Known as hyperlinks
2. `<a>`
3. The href attribute can take absolute or relative links
4. Use of fragments (#) for in page in reference

Attributes

1. Meta data for elements
2. Can be used to style the element
3. #id, .class, data-, src, alt, href and others

Media and Lists

Media

1. Used for embedding content
2. Images, video, audio
3. Src attribute indicates file location.
4. Intrinsic sizing and controls by default but can be externally manipulated

Lists

1. Use to show grouped text
2. Ordered, unordered, definition and nested lists
3. `<ol>`, `<ul>` , `<dl>`, `<ol>` `<ul>`

Spanish

Marking up a CV

Block semantics

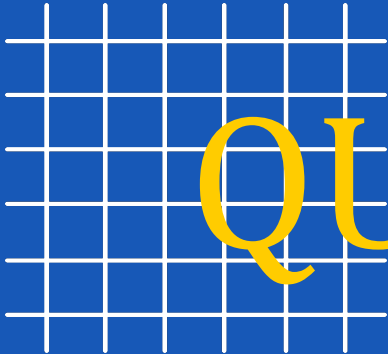

1. Add an appropriate HTML structure including doctype, and `<html>`, `<head>`, and `<body>` elements.
2. The CV should be marked up as an organisation of all the elements covered so far; headings and paragraphs.
3. Use an appropriate list type to mark up the experiences.

Head content

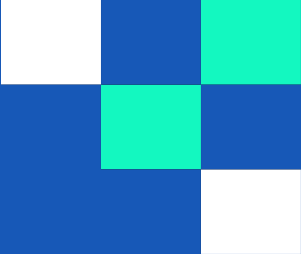

1. The character set of the document should be set as `utf-8` using the appropriate `<meta>` tag.
2. The author of the CV should be specified in an appropriate `<meta>` tag.
3. Set the language of the document as `en-US`.
4. Include the following text inside a document title element: "My Curriculum Vitae"

Next Steps

1. Complete the setup of tools
2. Upload CV markup to GitHub before next class
3. Create a git page and add details to this [sheet](#)

A decorative graphic consisting of a 6x6 grid of thin white lines on a blue background, positioned to the left of the word 'QUESTIONS?'.

QUESTIONS?

A decorative graphic in the top right corner consisting of a 3x3 grid of squares in white, blue, and cyan colors.A decorative graphic in the bottom left corner consisting of a 3x3 grid of squares in white, blue, and cyan colors.

THANK YOU

The image features a solid blue background. On the left, there is a white grid of 6 columns and 6 rows. A yellow circle is positioned at the intersection of the 3rd column and 4th row. A white rectangular frame, resembling a 3D box, is centered horizontally and partially overlaps the grid. The text "THANK YOU" is written in bold white capital letters inside this frame. Various white geometric shapes, including triangles, circles, and lines, are scattered around the central frame and grid.
